

# INDEX

	PAGE
A-A Dust Determinator, The, by MARGARET INGELS.....	67
ADDAMS, HOMER, Discussion of Heating and Ventilation of a Modern Steam Power Station.....	30, 31, 32
Discussion of The Use of Owens' Jet Dust Counter and of Electric Precipitation in the Determination of Dusts, Fumes, and Smokes in Air....	65
Discussion of Some Facts about Enclosed Radiation.....	151
Joint Discussion of Designing and Planning for Home Heating Economies and Small Size Anthracite Fuel and Equipment for Its Economical Utilization.....	226, 227, 228, 229
Air Filters, Dry, by S. E. DIBBLE.....	271
Air Heater Selection on Climatological Condition and Heater Performance Curves, Basing Warm, by V. S. DAY.....	153
Air Heating Systems, Effect of Length of Leader Pipe on Heating Capacity in Gravity Warm, by V. S. DAY.....	251
Air, How Dusty Is? by MARGARET INGELS.....	275
Air Through Building Openings, Further Data on Infiltration of, by C. C. SCHRADER	85
Air-Tube Type Copper Heater, Characteristics of an, by L'ROCHE G. BOUSQUET and G. A. FOISY.....	161
Air, Work Tests Conducted in Atmospheres of High Temperatures and Various Humidities in Still and Moving, by W. J. McCONNELL and C. P. YAGLOU	101
Allowance for Variations in Temperature at Register Faces for Design of Warm Air Furnace Systems, by A. P. KRATZ.....	245
Discussion of.....	255
Annual Meeting, The Thirty-First, 1925.....	1
Anthracite Fuel and Equipment for Its Economical Utilization, Small Size, by C. A. CONNELL.....	223
Applications of Ozone, Industrial, by FRANK E. HARTMAN.....	33
ARMAGNAC, A. S., Joint Discussion of Allowance for Variations in Temperature at Register Faces for Design of Warm-Air Furnace Systems and Effect of Length of Leader Pipe on Heating Capacity in Gravity Warm-Air Heating System.....	255
ASHLEY, C. M., A Proposed Method for Comparison of Effectiveness of Indirect Heating Surfaces.....	257
Atmospheres of High Temperatures and Various Humidities in Still and Moving Air, Work Tests Conducted in, by W. J. McCONNELL and C. P. YAGLOU	101
Basal Metabolism before and after Exposure to High Temperatures and Various Humidities, by W. J. McCONNELL, C. P. YAGLOU, and W. B. FULTON..	123

Basing Warm Air Heater Selection on Climatological Conditions and Heater Performance Curves, by V. S. DAY.....	153
Discussion of.....	160
BECKER, A. L., Discussion of Heating and Ventilation of a Modern Steam Power Station.....	31
Boiler, Heat Transference and Combustion Tests in Small Domestic, by H. W. BROOKS, M. L. ORR, W. M. MYLER, JR., and C. A. HERBERT.....	185
BOLSINGER, R. C., Discussion of Some Facts about Enclosed Radiation.....	151
BOUSQUET, L'ROCHE G., Characteristics of an Air-Tube Type Copper Heater.....	161
Discussion of.....	183
BOYD, D. KNICKERBACKER, Designing and Planning for Home Heating Economies..	215
Joint Discussion of, Designing and Planning for Home Heating Economies and Small Size Anthracite Fuel and Equipment for Its Economical Utilization.....	226, 230
BOYDEN, DAVIS S., Heating and Ventilation of a Modern Steam Power Station....	17
BROOKS, H. W., Heat Transference and Combustion Tests in Small Domestic Boiler.....	185
Discussion of.....	214
Joint Discussion of, Designing and Planning for Home Heating Economies and Small Size Anthracite Fuel and Equipment for Its Economical Utilization.....	226, 230
Building Openings, Further Data on Infiltration of Air through, by C. C. SCHRADER	85
Capacity in Gravity Warm-Air Heating Systems, Effect of Length of Leader Pipe on Heating, by V. S. DAY.....	251
CARRIER, W. H., Discussion of Heating and Ventilation of a Modern Steam Power Station.....	30, 31
Discussion of The Use of Owens' Jet Dust Counter and of Electric Precipitation in the Determination of Dusts, Fumes, and Smokes in Air..	66
Discussion of A Proposed Method for Comparison of Effectiveness of Indirect Heating Surfaces.....	265
CASELL, J. D., Discussion of Dry Air Filters.....	270
Characteristics of an Air-Tube Type Copper Heater, by L'ROCHE G. BOUSQUET and G. A. FOISY.....	161
Discussion of.....	181
Climatological Condition and Heater Performance Curves, Basing Warm Air Heater Selection on, by V. S. DAY.....	153
Clothing, Effective Temperature with, by C. P. YAGLOU and W. E. MILLER....	89
Combustion Tests in Small Domestic Boiler, Heat Transference and, by H. W. BROOKS, M. L. ORR, W. M. MYLER, JR., and C. A. HERBERT.....	185
Comparison of Effectiveness of Indirect Heating Surfaces, A Proposed Method for, by A. E. STACEY, JR., and C. M. ASHLEY.....	257
Condition, Climatological, and Heater Performance Curves, Basing Warm Air Heater Selection on, by V. S. DAY.....	153
CONNELL, C. A., Small Size Anthracite Fuel and Equipment for Its Economical Utilization.....	223
Joint Discussion of Designing and Planning for Home Heating Economies and Small Size Anthracite Fuel and Equipment for Its Economical Utilization.....	226, 227, 228, 229, 230
COOPER, F. I., Eliminating Waste in Schoolhouse Planning.....	235
Discussion of.....	243

Copper Heater, Characteristics of an Air-Tube Type, by L'ROCHE G. BOUSQUET and G. A. FOISY.....	161
Critical Velocity of the Flow of Steam in Two Pipe Systems, Progress Report on the, Investigated by Louis Ebin and Gordon Eisenhart—Reported by MARGARET INGELS.....	135
Curves, Basing Warm Air Heater Selection on Climatological Condition and Heater Performance, by V. S. DAY.....	153
Data on Infiltration of Air through Building Openings, Further, by C. C. SCHRADER	85
DAY, V. S., Basing Warm Air Heater Selection on Climatological Condition and Heater Performance Curves.....	153
Effect of Length of Leader Pipe on Heating Capacity in Gravity Warm-Air Heating System.....	265
Joint Discussion of, Allowance for Variations in Temperature at Register Faces for Design of Warm-Air Furnace Systems and Effect of Length of Leader Pipe on Heating Capacity in Gravity Warm Air Heating Systems.....	160
DENNIS, C. K., Joint Discussion of Designing and Planning for Home Heating Economies and Small Size Anthracite Fuel and Equipment for Its Economical Utilization.....	228
Design of Warm Air Furnace Systems, Allowance for Variations in Temperature at Register Faces for, by A. P. KRATZ.....	245
Designing and Planning for Home Heating Economies, by D. Knickerbacker Boyd	215
Discussion of.....	226
Determination of Dusts, Fumes, and Smokes in Air, The Use of Owens' Jet Dust Counter and of Electric Precipitation in the, by PHILIP DRINKER and ROBERT THOMPSON.....	51
Determinator, The A-A Dust, by MARGARET INGELS.....	67
DIBBLE, S. E., Dry Air Filters.....	271
Discussion of.....	272
Domestic Boiler, Heat Transference and Combustion Tests in Small, by H. W. BROOKS, M. L. ORR, W. M. MYLER, JR., and C. A. HERBERT.....	185
DONNELLY, J. A., Joint Discussion of Allowance for Variations in Temperature at Register Faces for Design of Warm-Air Furnace Systems and Effect of Length of Leader Pipe on Heating Capacity in Gravity Warm-Air Heating System.....	256
DRINKER, PHILIP, The Use of Owens' Jet Dust Counter and of Electric Precipitation in the Determination of Dusts, Fumes, and Smokes.....	51
Discussion of.....	66
Dry Air Filters, by S. E. DIBBLE.....	271
Discussion of.....	272
Dust Counter and Electric Precipitation in the Determination of Dusts, Fumes, and Smokes in Air, The Use of Owens' Jet, by PHILIP DRINKER and ROBERT THOMPSON.....	51
Dust Determinator, The A-A, by MARGARET INGELS.....	67
EBIN, LOUIS, Progress Report on the Critical Velocity of the Flow of Steam in Two Pipe Systems, Investigation of.....	135
Economical Utilization, Small Size Anthracite Fuel and Equipment for Its, by C. A. CONNELL.....	223

Economies, Designing and Planning for Home Heating, by D. KNICKERBACKER BOYD.....	215
Effect of Length of Leader Pipe On Heating Capacity in Gravity Warm-Air Heating Systems, by V. S. DAY.....	251
Discussion of.....	255
Effect of Temperature Upon the Friction of Water in Pipes, by F. E. GIESECKE.....	9
Discussion of.....	14
Effective Temperature with Clothing, by C. P. YAGLOU and W. E. MILLER.....	89
Effectiveness of Indirect Heating Surfaces, A Proposed Method for Comparison Of, by A. E. STACEY, JR., and C. M. ASHLEY.....	257
EISENHART, GORDON, Progress Report on the Critical Velocity of the Flow of Steam in Two Pipe Systems, Investigation of.....	135
Electric Precipitation in the Determination of Dusts, Fumes, and Smokes in Air, The Use of Owens' Jet Dust Counter and of, by PHILIP DRINKER and ROBERT THOMPSON.....	51
Eliminating Waste in Schoolhouse Planning, by F. I. COOPER.....	235
Discussion of.....	243
Enclosed Radiation, Some Facts about, by R. V. FROST.....	145
Equipment for Its Economical Utilization, Small Size Anthracite Fuel and, by C. A. CONNELL.....	225
Exposure to High Temperatures and Various Humidities, Basal Metabolism Before and After, by W. J. MCCONNELL, C. P. YAGLOU and W. B. FULTON	123
Facts About Enclosed Radiation, Some, by R. V. FROST.....	145
Filters, Dry Air, by S. E. DIBBLE.....	271
FLINK, C. H., Discussion of Heat Transference and Combustion Tests in Small Domestic Boiler.....	214
Joint Discussion of Designing and Planning for Home Heating Economies and Small Size Anthracite Fuel and Equipment for Its Economical Utilization.....	230
Flow of Steam in Two Pipe Systems, Progress Report on the Critical Velocity of the, Investigated by Louis Ebin and Gordon Eisenhart—Reported by MARGARET INGELS.....	135
FOISY, G. A., Characteristics of an Air-Tube Type Copper Heater.....	161
Friction of Water in Pipes, Effect of Temperature Upon, by F. E. GIESECKE.....	9
FROST, R. V., Some Facts About Enclosed Radiation.....	145
Discussion of.....	151
Fuel and Equipment for Its Economical Utilization, Small Size Anthracite, by C. A. CONNELL.....	223
FULTON, W. B., Basal Metabolism Before and After Exposure to High Temperatures and Various Humidities.....	123
Fumes, and Smokes in Air, The Use of Owens' Jet Dust Counter and of Electric Precipitation in the Determination of Dusts, by PHILIP DRINKER and ROBERT THOMPSON.....	51
Furnace Systems, Allowance For Variations in Temperature At Register Faces for Design of Warm Air, by A. P. KRATZ.....	245
Further Data on Infiltration of Air Through Building Openings, by C. C. SCHRADER	85
GIESECKE, F. E., Effect of Temperature Upon The Friction of Water in Pipes....	9
Gravity Warm-Air Heating Systems, Effect of Length of Leader Pipe on Heating Capacity in, by V. S. DAY.....	251

HART, H. M., Discussion of Effect of Temperature Upon the Friction of Water in Pipes.....	14, 15
Discussion of Basing Warm Air Heater Selection on Climatological Condition and Heater Performance Curves.....	160
Joint Discussion of Designing and Planning for Home Heating Economies and Small Size Anthracite Fuel and Equipment for Its Economical Utilization.....	229, 230
HARTMAN, F. E., The Industrial Applications of Ozone.....	33
Discussion of The Industrial Applications of Ozone.....	50
Heat Transference And Combustion Tests in Small Domestic Boiler, by H. W. BROOKS, M. L. ORR, W. M. MYLER, JR., and C. A. HERBERT.....	185
Discussion of.....	214
Heater, Characteristics of an Air-Tube Type Copper, by L'ROCHE G. BOUSQUET and G. A. FOISY.....	161
Heater Selection on Climatological Condition And Heater Performance Curves, Basing Warm Air, by V. S. DAY.....	153
Heating and Ventilation of a Modern Steam Power Station, by D. S. BOYDEN and A. B. WILLIAMS.....	17
Discussion of.....	30
Heating Capacity in Gravity Warm-Air Heating Systems, Effect of Length of Leader Pipe On, by V. S. DAY.....	251
Heating Economies, Designing and Planning for Home, by D. Knickerbacker Boyd.....	215
Heating Surfaces, A Proposed Method for Comparison of Effectiveness of Indirect, by A. E. STACEY, JR., and C. M. ASHLEY.....	257
Heating Systems, Effect of Length of Leader Pipe On Heating Capacity in Gravity Warm-Air, by V. S. DAY.....	251
HERBERT, C. A., Heat Transference and Combustion Tests in Small Domestic Boiler.....	185
High Temperatures and Various Humidities, Basal Metabolism Before and After Exposure to, by W. J. McCONNELL, C. P. YAGLOU and W. B. FULTON.....	123
High Temperatures and Various Humidities in Still and Moving Air, Work Tests Conducted in Atmospheres of, by W. J. McCONNELL and C. P. YAGLOU.....	101
Home Heating Economies, Designing and Planning for, by D. Knickerbacker Boyd.....	215
How Dusty Is Air? by MARGARET INGELS.....	275
Humidities, Basal Metabolism Before and After Exposure to High Temperatures and Various, by W. J. McCONNELL, C. P. YAGLOU and W. B. FULTON.....	123
Humidities in Still and Moving Air, Work Tests Conducted in Atmospheres of High Temperatures and Various, by W. J. McCONNELL and C. P. YAGLOU.....	101
HUTZEL, H. F., Joint Discussion of Designing and Planning for Home Heating Economies and Small Size Anthracite Fuel and Equipment for Its Economical Utilization.....	229
Indirect Heating Surfaces, A Proposed Method For Comparison of Effectiveness of, by A. E. STACEY, JR. and C. M. ASHLEY.....	257
Industrial Applications of Ozone, The, by F. E. HARTMAN.....	33
Discussion of.....	50
Infiltration of Air Through Building Openings, Further Data on, by C. C. SCHRADER.....	85
INGELS, MARGARET, The A-A Dust Determinator.....	67

Progress Report on the Critical Velocity of Steam in Two Pipe Systems . . .	135
How Dusty Is Air? . . . . .	275
In Memoriam . . . . .	277
JELLETT, S. A., Discussion of Heating and Ventilation of a Modern Steam Power Station . . . . .	30
Some Facts About Enclosed Radiation . . . . .	150
Discussion of Basing Warm Air Heater Selection on Climatological Condition and Heater Performance Curves . . . . .	160

KRATZ, A. P., Allowance For Variations in Temperature At Register Faces For Design of Warm Air Furnace Systems . . . . .	245
Leader Pipe, Effect of Length On Heating Capacity in Gravity Warm-Air Heating Systems, by V. S. DAY . . . . .	251
LEGIER, E. W., Discussion of A Proposed Method for Comparison of Effectiveness of Indirect Heating Surfaces . . . . .	266
Length of Leader Pipe, Effect on Heating Capacity in Gravity Warm-Air Heating Systems, by V. S. DAY . . . . .	251
LEWIS, THORNTON, Discussion of Dry Air Filters . . . . .	271
LINN, H. R., Discussion of The Industrial Applications of Ozone . . . . .	50
Discussion of Some Facts About Enclosed Radiation . . . . .	150
Joint Discussion of Allowance for Variations in Temperature at Register Faces for Design of Warm-Air Furnace Systems and Effect of Length of Leader Pipe on Heating Capacity in Gravity Warm-Air Heating System . . . . .	256
LOCKWOOD, E. H., Discussion of Some Facts About Enclosed Radiation . . . . .	151
Discussion of Characteristics of an Air Tube Type Copper Heater . . . . .	181
Joint Discussion of Designing and Planning for Home Heating Economies and Small Size Anthracite Fuel and Equipment for Its Economical Utilization . . . . .	227, 229
Discussion of A Proposed Method for Comparison of Effectiveness of Indirect Heating Surfaces . . . . .	266
LYLE, J. I., Discussion of Dry Air Filters . . . . .	271, 272
MCCONNELL, W. J., Work Tests Conducted in Atmospheres of High Temperatures and Various Humidities in Still and Moving Air . . . . .	101
Basal Metabolism, Before and After Exposure to High Temperatures and Various Humidities . . . . .	123
McINTIRE, J. F., Joint Discussion of Designing and Planning for Home Heating Economies and Small Size Anthracite Fuel and Equipment for Its Economical Utilization . . . . .	228, 230
Meeting, The Thirty-First Annual, 1925 . . . . .	1
Metabolism before and after Exposure to High Temperatures and Various Humidities, Basal, by W. J. MCCONNELL, C. P. YAGLOU and W. B. FULTON	123

Method for Comparison of Effectiveness of Indirect Heating Surfaces, A Proposed, by A. E. STACEY, JR., and C. M. ASHLEY.....	257
MILLER, W. E., Effective Temperature with Clothing.....	89
Modern Steam Power Station, Heating and Ventilation of a, by D. S. BOYDEN and A. B. WILLIAMS.....	17
MOTT, ABRAM COX, SR., In Memoriam.....	278
MOULDER, A. W., Discussion of Effect of Temperature upon the Friction of Water in Pipes.....	15
MYLER, W. M., JR., Heat Transference and Combustion Tests in Small Domestic Boiler.....	185
NORRIS, E. W., Discussion of Heating and Ventilation of a Modern Steam Power Station.....	30, 31
ORR, M. L., Heat Transference and Combustion Tests in Small Domestic Boiler..	185
Owens' Jet Dust Counter, Use of, and of Electric Precipitation in the Determination of Dusts, Fumes, and Smokes in Air, by PHILIP DRINKER and ROBERT THOMPSON.....	51
Ozone, The Industrial Applications of, by F. E. HARTMAN.....	33
Performance Curves, Basing Warm Air Heater Selection on Climatological Condition and Heater, by V. S. DAY.....	153
Pipe, Effect of Length of Leader, on Heating Capacity in Gravity Warm-Air Heating Systems, by V. S. DAY.....	251
Pipes, Effect of Temperature upon the Friction of Water in, by F. E. GIESECKE...	9
Pipe Systems, Progress Report on the Critical Velocity of the Flow of Steam in Two, Investigated by Louis Ebin and Gordon Eisenhart—Reported by MARGARET INGELS.....	135
Planning, Eliminating Waste in Schoolhouse, by F. I. COOPER.....	235
Planning for Home Heating Economies, Designing and, by D. KNICKERBACKER BOYD.....	215
Precipitation, Electric, in the Determination of Dusts, Fumes, and Smokes in Air, The Use of Owens' Jet Dust Counter and, by PHILIP DRINKER and ROBERT M. THOMPSON.....	51
Progress Report on the Critical Velocity of the Flow of Steam in Two Pipe Systems, Investigated by Louis Ebin and Gordon Eisenhart—Reported by MARGARET INGELS.....	135
Proposed Method for Comparison of Effectiveness of Indirect Heating Surfaces, A, by A. E. STACEY, JR., and C. M. ASHLEY.....	257
Discussion of.....	265
PURCELL, A. J., Discussion of Heat Transference and Combustion Tests in Small Domestic Boiler.....	214
Joint Discussion of Designing and Planning for Home Heating Economies and Small Size Anthracite Fuel and Equipment for Its Economical Utilization.....	229
Radiation, Some Facts about Enclosed, by R. V. FROST.....	145
Register Faces, Allowance for Variations in Temperature at, for Design of Warm Air Furnace Systems, by A. P. KRATZ.....	245

Report on the Critical Velocity of the Flow of Steam in Two Pipe Systems, Progress, Investigated by Louis Ebin and Gordon Eisenhart—Reported by MARGARET INGELS.....	135
Schoolhouse Planning, Eliminating Waste in, by F. I. COOPER.....	235
SCHRADER, C. C., Further Data on Infiltration of Air through Building Openings..	85
SEABURY, G. E., Discussion of Heating and Ventilation of a Modern Steam Power Station.....	32
Semi-Annual Meeting.....	231
Small Domestic Boiler, Heat Transference and Combustion Tests in, by H. W. BROOKS, M. L. ORR, W. M. MYLER, JR., and C. A. HERBERT.....	185
Small Size Anthracite Fuel and Equipment for Its Economical Utilization, by C. A. CONNELL.....	223
Discussion of.....	226
Some Facts about Enclosed Radiation, by R. V. FROST.....	145
Discussion of.....	150
SPOFFORD, H. R., Discussion of Characteristics of an Air Tube Type Copper Heater.	183
STACEY, A. E., JR., A Proposed Method for Comparison of Effectiveness of In- direct Heating Surfaces.....	257
Steam in Two Pipe Systems, Progress Report on the Critical Velocity of the Flow of, Investigated by Louis Ebin and Gordon Eisenhart—Reported by MARGARET INGELS.....	135
Steam Power Station, Heating and Ventilation of a Modern, by D. S. BOYDEN and A. B. WILLIAMS.....	17
STILL, F. R., Discussion of Dry Air Filters.....	270
Still, and Moving Air, Work Tests Conducted in Atmospheres of High Temperatures and Various Humidities in, by W. J. McCONNELL and C. P. YAGLOU..	101
Surfaces, A Proposed Method for Comparison of Effectiveness of Indirect Heating by A. E. STACEY, JR. and C. M. ASHLEY.....	257
Systems, Allowance for Variations in Temperature at Register Faces for Design of Warm Air Furnace, by A. P. KRATZ.....	245
Systems, Effect of Length of Leader Pipe on Heating Capacity in Gravity Warm- Air Heating, by V. S. DAY.....	251
Systems, Progress Report on the Critical Velocity of the Flow of Steam in Two Pipe, Investigated by Louis Ebin and Gordon Eisenhart—Reported by MARGARET INGELS.....	135
Temperature at Register Faces for Design of Warm-Air Furnace Systems, Al- lowance for Variations in, by A. P. KRATZ.....	245
Temperature, Effect of, upon the Friction of Water in Pipes, by F. E. GEISECKE....	9
Temperature with Clothing, Effective, by C. P. YAGLOU and W. E. MILLER.....	89
Temperatures and Various Humidities, Basal Metabolism before and after Ex- posure to High, by W. J. McCONNELL, C. P. YAGLOU and W. B. FULTON	123
Temperatures and Various Humidities in Still and Moving Air, Work Tests Con- ducted in Atmospheres of High, by W. J. McCONNELL and C. P. YAGLOU.....	101
Tests Conducted in Atmospheres of High Temperatures and Various Humidities in Still and Moving Air, Work, by W. J. McCONNELL and C. P. YAGLOU	101
Tests in Small Domestic Boiler, Heat Transference and Combustion, by H. W. BROOKS, M. L. ORR, W. M. MYLER, JR., and C. A. HERBERT.....	185

THOMPSON, ROBERT, The Use of Owens' Jet Dust Counter and of Electric Precipitation in the Determination of Dusts, Fumes, and Smokes in Air..	51
Transference and Combustion Tests in Small Domestic Boiler, Heat, by H. W. BROOKS, M. L. ORR, W. M. MYLER, JR. and C. A. HERBERT.....	185
Use of Owens' Jet Dust Counter and of Electric Precipitation in the Determination of Dusts, Fumes, and Smokes in Air, by PHILIP DRINKER and ROBERT THOMPSON.....	51
Discussion of.....	65
Utilization, Small Size Anthracite Fuel and Equipment For Its Economical, by C. A. CONNELL.....	223
Variations in Temperature at Register Faces for Design of Warm Air Furnace Systems, Allowance for, by A. P. KRATZ.....	245
Various Humidities in Still and Moving Air, Work Tests Conducted in Atmospheres of High Temperatures and, by W. J. McCONNELL and C. P. YAGLOU.....	101
Velocity of the Flow of Steam in Two Pipe Systems, Progress Report on the Critical, Investigated by Louis Ebin and Gordon Eisenhart—Reported by MARGARET INGELS.....	135
Warm Air Furnace Systems, Allowance for Variations in Temperature at Register Faces for Design of, by A. P. KRATZ.....	245
Warm Air Heater Selection on Climatological Condition and Heater Performance Curves, Basing, by V. S. DAY.....	153
Warm-Air Heating Systems, Effect of Length of Leader Pipe on Heating Capacity in Gravity, by V. S. DAY.....	251
Waste in Schoolhouse Planning, Eliminating, by F. I. COOPER.....	235
Water in Pipes, Effect of Temperature upon The Friction of, by F. E. GIESECKE..	9
